

2021 ERISA Plan Compliance Calendar

A schedule to help plan sponsors track important due dates for their plan

Being a retirement plan sponsor involves juggling many tasks, one of the more important being to make sure your plan complies with all pertinent federal and local regulations. A compliance calendar keeps track of your company's required filings, their due dates and related details so you can avoid incurring any fines or other penalties for late filings or missing information.

What follows is intended to alert PLANSPONSOR readers to some of the significant regulatory dates for 2021—it does not identify all compliance obligations or due dates. Additionally, the calendar assumes that a plan is being administered on a calendar year basis by an employer using a calendar fiscal year. For the most part, the information for pension plans applies to single employer plans.
